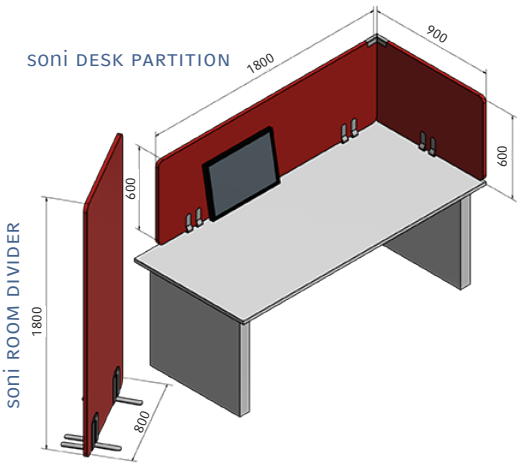
soni ROOM DIVIDER | soni DESK PARTITION



- Our **soni ROOM DIVIDER** and **soni DESK PARTITION** are sound absorbers of a very special kind, because in addition to delivering effective sound-conditioning, they provide increased privacy for your employees.
- The core of our **soni ROOM DIVIDER** and **soni DESK PARTITION** is a soft non-woven panel, reinforced on both sides by a layer of compacted polyester non-woven. The visible surfaces are covered with dirt-resistant and decorative felt material of high quality. The rounded upper corners of the partition make for a modern, attractive appearance.

ADVICE

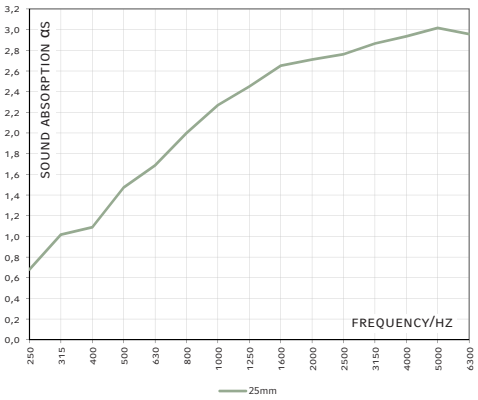
- There might be minimal color variations between different lots, which will not constitute a reason for complaint.

BENEFITS

- Easy and fast assembly and installation without changes to the building structure
- Noise protection and privacy screen in one. In addition, the entire surface can be used as a pin board
- Physiologically safe, completely recyclable

REVERBERATION ROOM

- Based on DIN EN ISO 354



APPLICATIONS

- Our **soni ROOM DIVIDER** and **soni DESK PARTITION** score with a very good sound-absorption capacity and can be flexibly deployed wherever you need to reduce the noise level. The easy-to-assemble acoustic partitions blend harmoniously into the office architecture and create pleasant acoustic conditions for concentrated work.

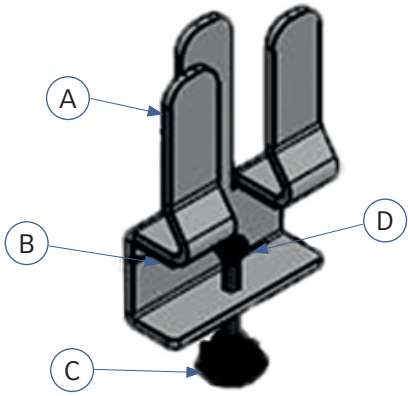
ASSEMBLY INSTRUCTIONS FOR TABLE CLAMP soni FIX CLAMP



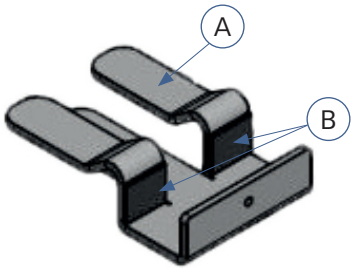
The package contains

- 1 x soni FIX CLAMP [A]
- 2 x foam pad [B]
- 1 x pressure screw [C]
- 1 x pressure piece [D]

Advice:

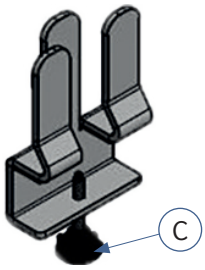
- Suitable for tables up to 45 mm of thickness.

1.



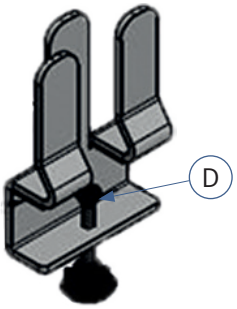
Apply the foam pads [B] to the parts of the soni FIX CLAMP [A] that will rest on the desk/table surface.

2.



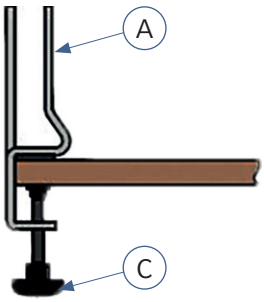
Insert the pressure screw [C] into the thread.

3.



Push the pressure piece [D] onto the ball head of the pressure screw [C] until it engages.

4.



Slide the soni FIX CLAMP [A] onto the edge of the desk/table and tighten the pressure screw [C].
